Amanda,

Thank you for seven years of dedication and quality work. You have always had my respect. And congratulations on your graduation and the opportunities a new degree will give you. It is an honor to think of Transformations as having played a role in your life. I hope our paths cross again and again as you pursue your dreams. Let me know if there is ever anything I can do to support you in your journeys.

Teri

For the last 7 years, Transformations has been my second home, my family. I have learned so much about working with others and how to be a helper. I've met so many interesting people, both clients and coworkers that have helped me grow. I've made amazing friends and many I will never forget, especially those who helped me through grad school. I have mixed emotions as I look toward the future but am filled with sadness as I respectfully resign from Transformations. I am grateful to have been part of this company and to have worked alongside so many amazing people as we all strive to make a difference in this world. I will always remember my experience here as a great one. It's been a blast!!!

Thank you for all you have done for me. I will miss you all!!!
